Waleed Khaskhali

Front-End Engineer

PROFESSIONAL PROFILE

HIghly ambitious and motivated Computer Science student looking to acquire a position within web development. Has built numerous high performing, mobile responsive websites, with the vision of providing the best user experience. Self taught person who has the ability to pick up so many new skills in the area of web development in a very short time. Passion for building high-impact, well-performing user experiences across different form-factors.

EXPERIENCE

Personal Website —(https://waleedportfolio.vercel.app)

Portfolio site built using HTML, advanced CSS and material UI.
This website displays some of my best projects, along with the skills I have acquired over time and all my contact information.

Ecommerce Website —(https://kaskali.netlify.app)

Bicycle shop built with a Mobile Responsive Design.
Includes coding in React HTML CSS SASS.
Uses Web APIs such as CommerceJS and Stripe for product information and fast checkout.

KEY QUALIFICATIONS

- Implemented websites, mobile applications, and landing pages from concept through deployment.
- Standardized all output with a new, responsive, mobile-first approach and strategy.
- Assessed UX and UI designs for technical feasibility.
- Leveraging responsive web frameworks to complete deliverables ahead of schedule
